

## INTRODUCING ...

### **WHMIS for School Custodians & Cleaners** **WHMIS for Teachers** Customized Web-based Training Programs

*"HR Proactive has developed a leading-edge WHMIS training program for custodians and cleaners.*

*Its workplace specific content delivers practical applications that are useful and educational to workers requiring site specific training.*

*I highly recommend this program as either supplemental or introduction to WHMIS training."*

**Denny Bitovski**  
**Health & Safety Officer**  
**Waterloo Catholic District School Board**

## Compliance eLearning Suite: WHMIS Academy for School Boards

The Compliance eLearning Suite is HR Proactive's online education initiative designed to address a variety of compliance training needs. HR Proactive has partnered with eLearn Solutions Group and Vision Design to develop engaging learning environments that deliver results.

Our first program in the Compliance eLearning Suite is the Workplace Hazardous Materials Information System (WHMIS) Academy. The Academy includes two specific programs for school board personnel most affected by WHMIS:

- **WHMIS for School Custodians and Cleaners**
- **WHMIS for Teachers**

### **Program Objective**

The programs will explain what WHMIS is, why it is important to know WHMIS, and how workers and employees everywhere can protect themselves from accidents that are otherwise easily avoidable with knowledge of WHMIS.

### **Program Duration**

45 minutes (each program)

### **Audience**

These programs are custom-designed for school teachers, custodians & cleaners across Canada.
